

# Habib Ur Rehman

Islamabad, Pakistan | +92 348 5148387 | idrhabib5@gmail.com | github.com/idevhabib5 | linkedin.com/in/habiburrehmannn

## SUMMARY

---

Junior Full Stack Developer with experience building modern web applications using React, TypeScript, JavaScript, Supabase, PostgreSQL, MongoDB, and REST APIs. Skilled in developing responsive user interfaces, authentication systems, database-driven applications, and AI-powered software solutions. Strong foundation in SQL, relational databases, cloud platforms, and AI-assisted development workflows. Passionate about leveraging AI tools, modern development practices, and clean code principles to deliver scalable software in remote collaborative environments.

## EDUCATION

---

### COMSATS University Islamabad

Bachelor of Science in Computer Science, CGPA: 3.57 / 4.00, Ranked 1st among 120+ teams in a nationwide Full-Stack Development Competition., Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Web Development. 2023 – 2027

## EXPERIENCE

---

### Associate Software Engineer

Apr 2025 – Dec 2025

MicroKosm

Remote

- Developed and maintained React and TypeScript applications for business users.
- Built reusable UI components and integrated Supabase authentication and PostgreSQL-backed services.
- Collaborated with distributed engineering teams to deliver production-ready features.
- Participated in debugging, code reviews, and performance optimization initiatives.

### MERN Stack Developer Intern

Jul 2025 – Sept 2025

Developer Tag

- Built full-stack web applications using MongoDB, Express.js, React, and Node.js.
- Developed RESTful APIs and integrated third-party services.
- Designed responsive frontend interfaces and implemented scalable application features.
- Collaborated using Git workflows within agile development environments.

## PROJECTS

---

### Housify | React 19, TypeScript, Supabase, PostgreSQL, Tailwind CSS, Vite

- Developed a property marketplace enabling tenants to discover properties and landlords/agents to manage listings, inquiries, promotions, and credits.
- Built Tenant, Agent, and Admin portals with authentication, listing management, profile management, and moderation workflows.
- Integrated Supabase Authentication and PostgreSQL for secure user management and database-driven operations.
- Implemented advanced search, favorites, messaging, notifications, and map-based property browsing features.

### Terzo.ai | Next.js 14, TypeScript, Supabase, OpenAI API, Stripe

- Built an AI-powered SaaS platform using Next.js App Router and Supabase backend services.
- Integrated OpenAI API with streaming responses for intelligent content generation.
- Implemented user authentication, subscription management, and Stripe payment workflows.
- Designed responsive interfaces using Tailwind CSS and modern React architecture.

### Yaaran-Thread | React, TypeScript, Supabase, Tailwind CSS

- Developed a social platform using React, TypeScript, and Supabase.
- Built reusable UI components using Tailwind CSS and shadcn/ui.
- Implemented authentication, database integration, and responsive user experiences.

#### **RBAC Authentication API | Node.js, PostgreSQL, JWT**

- Developed role-based access control and authentication services.
- Implemented PostgreSQL database schemas, SQL queries, and JWT authentication.
- Built audit logging and secure user management functionality.

## **TECHNICAL SKILLS**

---

**Frontend:** React, TypeScript, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, shadcn/ui

**Backend:** Node.js, Express.js, REST APIs, JWT Authentication, Backend Business Logic

**Databases:** PostgreSQL, SQL, MongoDB, NoSQL, Supabase

**Cloud & Tools:** Firebase, Supabase, Git, GitHub, VS Code, Vercel

**AI & Development:** OpenAI API, Claude AI, Prompt Engineering, AI-Assisted Development

**Methodologies:** Agile Development, Code Reviews, Problem Solving, Remote Collaboration

## **CERTIFICATIONS**

---

Introduction to SQL (DataCamp)

Understanding Cloud Computing (DataCamp)

Prompt Engineering for ChatGPT (Vanderbilt University)

Programming Foundations with JavaScript, HTML & CSS (Duke University)

Foundations of Git (DataCamp)

Team Building & Leadership in Program Management (Microsoft)

ALP 24 (Aspire Institute)
